

Honoring Henrietta Lacks with Alfred Lacks Carter, Jr.

Alfred Lacks Carter Jr., Henrietta Lacks's grandson, will share an update on his family's collaboration with the National Institutes of Health, their recent settlement with Thermo Fisher Scientific, and discuss how HeLa cells have advanced research and how her descendants honor her legacy.

Panel Discussion on the Importance of HeLa Cells

- **Xin Chen, PhD**, Program Co-Leader, Cancer Biology Program, UH Cancer Center
- **Xuemei Xie, PhD**, Assistant Professor, Cancer Biology Program, UH Cancer Center
- **Janos Molnar, PhD**, Bio Core Manager, Clinical Trials Office, UH Cancer Center
